**HONOR OF KINGS
COMMUNITY TOKEN
(HOKCT)**

HOKCT
ROADMAP

v. 1.0.

Project Phases

Initial Development Phase (Pre-Launch):

Completion of Core Documents

Finalize the whitepaper, tokenomics, and roadmap in Q1, using development funds to ensure they meet industry standards. Current documents are drafts outlining preliminary goals and structure.

Community Social Media Platform

Integration with a BuddyBoss-powered social platform for seamless community interaction.

AI Partnerships

Establish partnerships with AI platforms to support:

✦ NFT Creation
✦ Music Generation
✦ Gaming Video Production

Website and Platform Development

Completed in October 2024, with ongoing improvements planned.

Post-Launch Growth

AI-Driven Gaming Content:

Collaborate with a platform allowing members to create game-related content with AI tools.

Educational Resources

Develop a comprehensive library focused on safe and informed cryptocurrency use for gamers and newcomers.

Marketplace Launch

Build a marketplace for trading member-created digital assets.

Honor of Kings Community Directory

Create a directory to support the gaming community and encourage player engagement.

Community Design Awards

Host regular competitions across three categories:

✦ NFT Design
✦ Game Soundtrack Creation
✦ Gaming Video Production

Timeframe for Each Phase

Q1
Launch the Honor of Kings Community Directory and Marketplace.

Q1 - Q2
Begin the Community Design Awards Program with quarterly updates.

Q2
Release a crypto safety resource tailored for newcomers in gaming.

Ongoing
Continued development and community engagement to build an evolving, responsive platform.

Key Milestones and Goals

Future Development Opportunities
Remain open to collaborations that align with Honor of Kings' mission and expand the community's creative and educational offerings.

Crypto Education and Safety
Engage with projects that advocate for secure crypto adoption and build resources tailored for gaming and tech-savvy audiences.

Community Growth
Target 50,000 users in the first 12 months, with an anticipated annual growth rate of 20%.

AI Partnership Evolution
Proactively pursue new partnerships with AI platforms to enhance content creation options for members.

Marketing & Community-Building Goals

Social Media Engagement
Establish a strong presence on social media platforms, fostering a sense of community and active engagement.

Pre-Sale Promotion
Conduct pre-sale directly through the website to maximize visibility.

Influencer Partnerships
Partner with reputable influencers in gaming and tech to extend reach and build project credibility.

Token-Related Events

Token Allocation:

◆ 960 million tokens allocated for the pre-sale.

◆ 960 million tokens locked in the liquidity pool, with releases planned over a 10-year period.

10% Team Allocation:

◆ The 10% allocated to the team will also be locked, with a gradual release schedule to align with ongoing platform development and improvements.

Platform Development and Improvements

Educational Library

Develop a resource hub for both new and experienced users, including tutorials, articles, and guides focused on safe, informed crypto and gaming exploration.

AI-Enhanced Content Expansion

Build partnerships with AI providers to support advanced content creation, such as gaming videos and multimedia storytelling.

INTENDED SOLELY TO SUPPORT

HOKCT is intended solely to support platform engagement, educational resource access, and participation in community events, enhancing the experience and interaction within the Honor of Kings Community

Funding and Development Goals

Development Funding

◆ 35% of Pre-sale Funds: Dedicated to platform development, AI partnerships, and technical improvements.

◆ 10% of Total Tokens: Reserved to support long-term project development.

Affiliate and Community Revenue

Generated through community donations and affiliate partnerships with trusted services, contributing to project sustainability.

Regulatory and Compliance Goals

KYC Compliance

Partner with PinkSale to conduct KYC verification, establishing transparency and building trust within the community.

Contingency Plans

Community-First Engagement:

New users gain access to experienced mentors, fostering a supportive environment.

Strict Anti-Spam Policy:

Enforce anti-spam and anti-bot measures to ensure an authentic and secure community experience.

Investment Cap and Community-Centric Approach:

◆ Set a $500 cap per participant in the pre-sale to promote fair distribution and minimize individual risk.

◆ Encourage responsible investing, with contributions ranging from $5 to $500 to maintain the project's community focus.

◆ Community-First Engagement: New users gain access to experienced mentors, fostering a supportive environment.

◆ Strict Anti-Spam Policy: Enforce anti-spam and anti-bot measures to ensure an authentic and secure community experience.
